*Plans to Make Home in  
Paris; New Sensations in  
Divorce Case.*

**[RECEIVED DISPATCH.]**

**NEW YORK, Sept. 16.**—Sensational developments at the reopening of the famous James A. Stillman divorce case were promised by disclosures made here today. Prominent in the new testimony that will be offered will be evidence that the former president of the National City Bank is still much in the company of Flo Leeds, former showgirl named by Mrs. "Fifi" Potter Stillman in her courtship charges.

The disposition of Baby Ray Leeds, son of the late Century Club favorite, whose father, the defendant in the divorce suit, is charged with the ex-banker, will also play a part.

Testimony will be offered which hints that the defendant's business relations with his wife are far from satisfactory.

At Poughkeepsie, that Stillman has been frequently with the Leeds family, says that the hearings of the divorce action, the testimony of the banker and the former showgirl were less frequent for a time when the Leeds family moved to their New York State for fear, it is said, of subpoena servers, who sought her as a witness.

Stillman is living in a cottage at Greenwich, Ct., until, it is said, the owner of the cottage learned her whereabouts. She is said to have been in the cottage until the Leeds then came back to Westchester county, N. Y., and was in almost daily communication with Stillman.

Stillman, it is said, was introduced at the forthcoming hearings that Stillman has had frequent contact with the Leeds family. She is said to have been at the exclusive roadhouse in Port Chester.

On one of Mrs. Lester's excursions to the restaurant, it was observed that she walked from her automobile with a limp, and it was said she had been involved in an automobile collision. It is reported her parents, who still reside in an Amsterdam-avenue tenement house, are very anxious about her.

From the offices of the estate of James A. Stillman, City Hall, the doors from the National City Bank, which were being in the disposition of his real-estate holdings and putting his affairs in such shape, as to enable him to resign and quit the United States forever when his divorce case is concluded. It was said during the hearings that Mrs. Lester had been told to leave his future home in Paris, and that Mrs.

Leeds and her son would also go to the French capital to make their fortune. Contrasts at his clubs and public curiosity are said to have made life in his former haunts unbearable.

## FUTURE OF OIL STRIKERS DARK.

Workers' Money Dwindling, Merchants Report.

Business Men Bled for Aid by Union in North.

Operators Form Organization to Meet Situation.

BAKERSFIELD, Sept. 16.—Awaiting the outcome of the meeting which oil company officials are holding in San Francisco, 1000 striking oil workers in the Midway and Kern River fields are marking time today. The prevailing impression on the streets here and at Taft is that there are breakers ahead for the strikers.

Those who are idle are expecting one day's pay a week from the 2100 men employed by the Standard Oil Company. The Standard is not involved in the strike and could continue to operate, but the strikers expect it to join the other producers in a shut-down. If this occurs the strikers, according to their own admissions, will be much the same plight as old Mother Hubbard found herself in when she went to the cupboard.

**MONEY DWINDLING.**  
The strikers admit that if operations cease entirely they cannot hold out. The banks say that most of the workers spend the bulk of each week's pay and cannot endure protracted idleness. Already, business men say, some of the strikers are asking for credit at the stores. At Taft, Bakersfield and other oil centers the business houses have been bled for heavy donations to support the strike funds. Donors are being given and theaters are being requested to give benefit performances to aid the families of men on strike.

Officials of the union are endeavoring to persuade the government that the producers are endeavoring to shut down the oil wells by keeping them shut down, apparently in the hope of persuading the government to take over the wells and operate them, but the union leaders, it has been pointed out, are overlooking the fact that the government advanced against the strikers.

**PICKETING STOPS.**  
Picketing on all roads in the oil belt has virtually ceased. The union leaders rounded up at Bakersfield last night five W.W.'s who admitted that they came here to organize the strikers. All five were escorted out of town and headed toward Fresno.

At the same time union officials, according to reports, singled out a number of strike breakers and paid them liberally to leave the district at once. It is common talk here that the strike probably will break within forty-eight hours.

**OIL OPERATORS ORGANIZE.**  
(By A. F. HUNT, writer.)  
SAN FRANCISCO, Sept. 16.—Oil operators of California meeting here today formed an organization to meet the strike situation existing in the oil fields west of the San Joaquin Valley, according to a statement issued by G. M. Swindell of Los Angeles, secretary of the Chamber of Oil and Mines.

A permanent organization was completed, Swindell said, to be known as the Oil Producers' Association of California.

Swindell's statement said: "The meeting of oil producers at the Palace Hotel today was the largest in the history of the oil industry. Companies representing over 50 per cent of the man affected by the strike in the west side oil fields were represented."

"As a result of this meeting, an organization of the oil operators of this State will be perfected to deal with the situation."

"An executive committee was appointed to present the facts, that a proper presentation might be made to county, State and Federal officials, and that the public may be fully advised as to the developments of the situation."

"A permanent organization was completed, to be known as the Oil Producers' Association of California. The names of officers and directors will be announced later."

The executive committee appointed today, it was said, will consist of nine members, some of whom are in southern parts of the State at this time, and who will be asked to signify their intention of service before their names are made public.

## JAIL SUSPECTS IN DEATH CASE.

(Continued from First Page.)

Fatal visit to Mr. Wagner's restaurant was to obtain the money which Mr. Wagner would pay for the death of the Wilson Packing Company, which is across the street from the restaurant. This money, about \$5000, with a large number of checks was taken to the Central Police Station shortly after shooting by Detective Serge. Walla, Kessler, Wood and Murphy, who first answered the call to the Long-street address last night.

Later Serge. Kessler left on his mission and Detective Serge. Walla, Cato and James and Herman Cline were detailed to the case.

The arrest of the youths was brought about, according to the detectives, as a result of information given to them by a man whom they found working near the scene of the shooting. This information included a description of a youth resembling Poulson and the arrest of the latter on suspicion followed. After many hours of grilling in the City Jail Poulson is said to have told his story of the shooting.

### SEEK TO IMPROVE POLICE.

Shannon Criswell was yesterday chosen chairman of a special citizens' committee appointed by Mayor Cryer to recommend methods of improving the efficiency of the Los Angeles police. The other members of the committee are President Weaver of the Chamber of Commerce; Maynard Meffe and R. H. Raphael.

A conference was held yesterday and attended by members of the committee, Mayor Cryer, Chief of Police Jones and W. V. Brynnes of the Optimist Club.

Mr. Brynnes made the suggestion that the city be divided into twenty-five police signal districts and that from a central station news of hold-ups and other crimes be flashed to officers in charge so that motorcycle policemen and men in automobiles at these stations could be immediately started in pursuit of the criminals sought.

It is estimated that the cost of putting the plan in operation would be about \$100,000, which would be raised by a bond issue.

This is one of a number of suggestions which will be considered by the committee.

or not the district is to remain under the governing control of Los Angeles. The present lease on the Sawtelle branch City Hall expires October 1.

President Criswell and other members of the City Council were inclined yesterday to support the question of whether or not the people of Sawtelle desired to continue the district as a part of the city of Los Angeles up to the voters of that section.

### CITY IS LOSER.

"During the last fiscal year," said President Criswell, "the city received in taxes from the Sawtelle district under the \$1.45 tax rate \$5,951.06, while the city paid out for fire and police protection, engineering, street repair work and other administration expenses \$10,617.25. So it can be seen that the city government spends more in Sawtelle than it receives.

If the people of Sawtelle desire to accept the court's ruling and, in effect, secede from Los Angeles, why is it up to the people of Sawtelle. Los Angeles should worry!"

Copies of the Supreme Court's decision in the Sawtelle election case were received yesterday by the City Attorney, and these copies were then sent to the voters of that section.

"A study of the majority opinion convinces me that the court erred in its opinion," said City Attorney Stephens, "and we shall try to convince the court of its error. The majority opinion holds that the statement of the ballot only told 'half of the story' of the conditions under which Sawtelle was to be consolidated with Los Angeles, and that the voters were not fully informed. The unreasonableness of this contention, I believe, is shown by the closeness of the election, annexation carrying but three votes. The official notice of election published in the form provided by law in Sawtelle previous to the election and thoroughly discussed there set forth in every detail the conditions under which annexation was to be accomplished. The law was complied with by the city of Los Angeles in every respect, and if the law is not sound, then why did not the Supreme Court declare it unconstitutional?"

### HISTORY COMPILED.

City Clerk Dominguez compiled a history of the events in the annexation of Sawtelle which is interesting as showing the steps leading up to the Supreme Court decision.

Dominguez's records show that on Aug. 31, 1917, the City Council ordered published the ordinance calling the special consolidation election in the Sawtelle district, and the voters there cast their ballots on May 4, 1917. On May 31 the trustees canvassed the returns and announced that annexation had failed to carry by four votes. Appeal was made to the courts, which ordered a recount, and the canvassers changed the result, the count being 519 for annexation and 516 against.

Then began the contest in the courts to declare the election illegal. Superior Court Judge Hewitt on Jan. 31, 1918, sustained the validity of the election, and on Feb. 2 p. m. on January 31 Sawtelle was officially declared by the city of Los Angeles a legal part of the municipality.

Two days later the Sawtelle officials refused to turn over to the city the cash in the Sawtelle treasury and the city records, but on February 8 the Los Angeles authorities took over the Sawtelle government. On April 1, 1918, the antiannexationists in Sawtelle asked for a writ authorizing the holding there of a separate city election, but the Court of Appeal declined to issue authority for the election, and on September 13 the Supreme Court denied the petition of the antiannexationists for a rehearing.

### RIGHT TO TEST.

On November 14, Atty.-Gen. Webb gave leave to Charles Cox and Attorney Delphin M. Delmas and P. G. Wood to test the right of the city of Los Angeles to tax the people of Sawtelle, and this began the court fight continuing as illegal the annexation election, the latest action in which was the Supreme Court decision declaring the election invalid.

Since Jan. 31, 1918, the de facto government of Sawtelle has been administered by the city of Los Angeles, and all city elections were participated in by Sawtelle voters. These elections included the usual voting for Mayor and other city officials as well as on the 1918 issue of \$1,500,000 power bonds and \$135,000 Wilmington sewer, the harbor, library and other bond issues.

### READY FOR CARNIVAL.

Western-avenue Business Association to Hold Fiesta Tonight.

Throngs of Whittier residents are expected to attend the fiesta and street carnival which is scheduled to take place tonight on Western avenue, between Third and Fourth streets, under the auspices of the Western-avenue Business Association.

Carnival grounds have been laid out and extensively decorated on a lot just south of Third street. Nearly fifty booths will shelter displays of merchandise typical of that sold in the section interested.

The fiesta will mark the close of a contest conducted by the association for the best letter on "Why I should Trade on Western Avenue." Winners' names will be announced.

### KENYON DIVORCE CASE SUBMITTED TO JUDGE.

The divorce case of Mr. and Mrs. Charles A. Kenyon was submitted to Judge Stephens late yesterday afternoon. Mrs. Kenyon brought suit for separate maintenance, asking an allowance of \$1000 per month from her husband, who is a playwright.

Mr. Kenyon answered with a cross-complaint, charging desertion, and asking that he be granted a divorce.

### FINED ON FIRE CHARGE.

Frank Thompson of Pasadena was fined \$50 by Justice Strang at Pasadena yesterday for leaving a fire camp fire uncovered in the Arroyo Seco. The prosecution in regard to the regulations in regard to camp fires has resulted in a rapid diminution of the number of offenders, it is stated.

The officers of the local reserve believe that the number of forest fires during the season would be increased but for the enforcement of the present policy.

### BANKS HERE IN GIANT MERGER.

(Continued from First Page.)

national work will be expanded to keep pace with the growth of the institution. A knowledge of the principles of banking and of the laws under which we operate is especially valuable. We shall put the opportunity of acquiring this knowledge within the reach of our entire staff.

"I feel a very genuine satisfaction in the thought that my associates will be men who have done much for the advancement of our material property and with whom it will be a pleasure to serve in the continuation of that work."

P. E. Hatch, president of the Long Beach Trust and Savings Bank, is not being sold out, but under the new provisions of the Bank Act we are merging with the two Los Angeles banks. We shall not lose any of the intimate touch we have always had with local interests and conditions, but we shall be far better able to further the interests of Long Beach through our added strength.

"Our directors will continue to give us their counsel and support and our stockholders will not be changed by the fact of the merger. For twenty-five years I have worked for the up-building of our institution to serve the community to a far greater degree than ever before."

"It is scarcely necessary to add that it is a pleasure to have the officers of the other banks as my associates and to take part in an institution to serve the community to a far greater degree than ever before."

The issue, expected to be at least \$400,000, will be in accordance with the general plan of financing the Federal land banks, the Secretary said.

### FEDERAL FARM LOAN TO BE READY SOON.

(BY A. P. JAMES WALKER.)

WASHINGTON, Sept. 16.—An offering of Federal farm loan bonds bearing 5 per cent interest will be made about October 1. Secretary Mellon said today.

The issue, expected to be at least \$400,000, will be in accordance with the general plan of financing the Federal land banks, the Secretary said.

### CLOSE DEAL FOR VAN NUYS BANK.

Los Angeles Concern Will Absorb Institution in San Fernando Valley.

Arrangements were completed yesterday for the absorption of the First National Bank of Van Nuys by the California Bank of Los Angeles. The Van Nuys bank will become the twentieth branch of the local institution.

The deal is of importance to the inhabitants of the Van Nuys district, in that the bank as a branch of the California Bank will be better fortified for the negotiation of loans to the San Fernando Valley ranchers and business men, having the resources of the large institution at its back.

Most of the stockholders of the First National of Van Nuys will convert their holdings into California Bank stock. It was announced that Bill, vice-president and executive of the Van Nuys bank, will become manager of the branch.

### TO HOLD INQUESTS.

Coroner Will Act in Cases of Two Victims of Auto Accidents.

Two inquests as a result of deaths growing out of automobile accidents will be held Monday by Coroner Nance. One will be at the establishment of Alvarez & Blue over the body of William M. Brown of Harold, Cal., who succumbed Thursday at the County Hospital to injuries received in a collision between a truck and a car.

Charles Lee died at the County Hospital yesterday from injuries received when he was struck by an automobile while driving at Sausalito. An inquest will be held Monday at the undertaking rooms of McIntosh & Maser.

**ILLNESS SUICIDE CAUSE.**

Gun Jump, So Frenchman Takes Life by Inhaling Gas.

After an automatic pistol jammed and failed to work yesterday afternoon, Adolphe Gaudy, apparently about 40 years of age, placed a gas tube in his mouth, lay down upon a bed in his room at 1613 Bantec street, and shot himself.

The man left a note written in French and addressed to Louis Sanious, French consul here. This Deputy Coroner McDonald sent to the consulate last night for translation. In another note, written in English, M. Gaudy stated that sickness had brought about the resolve to end his life.

The body was removed to the Moneta-avenue undertaking establishment.

**Some Window Shade Hints**

When duplex (double-faced) shades are used, one color only should show to the outside through-out. It should always contrast, but harmonize with either the trim or body color of the building. For white plaster, Italian Villa type houses, plain white shades are correct. For harmony with interior decorations, it is preferable to use a color matching or blending well with the draperies, walls, etc.

An interesting chart of correct colors to use is given in the booklet we have issued, entitled "The Art of Shading New-Day Windows." This book also describes T-W shades in detail. Request a copy and sample.

Valley Ablaize with Color for Opening of Large Exhibits on Monday.

All roads lead to San Fernando.

Residents of the San Fernando Valley have decorated their houses, shops and farms.

For the accommodation of those who wish to stay all day at the fair, a large cafeteria will serve luncheon and dinner daily.

Additional interest has been aroused by the announcement that horse racing will be a feature of the fair, and some snappy races are promised by the management.

Arrest Young Trio as Highway Robbers.

Police nab youths wanted in San Diego for auto theft.

Charged with highway robbery and the theft of an automobile in San Diego, three youths of age: Leonard White, 18, and Merle Mercer, 17, the last said to have escaped from Whittier State School, were held in the City Jail yesterday.

Three youths, according to information from San Diego, are wanted in that city for a number of robberies, as well as stealing an automobile from the same place.

Police Lieutenant Gifford, Detective Sergeant Hunt and Patrolman Reed arrested the boys in Hollywood early yesterday morning. When taken into custody, they were driving the automobile which they were charged with having stolen.

At Hollywood Police Station, where the prisoners were taken, they declared the automobile was owned by Ray's father and that they had come to this city to visit some relatives. When the San Diego police were notified by telephone of the arrests, they instructed the local police to hold the youths.

On Booze Charge.

Second-Hand Store Man Accused of Dry Law Violation.

Accused of having attempted to deliver five gallons of moonshine brandy at Los Angeles Harbor yesterday, J. Amos, a dealer in second-hand goods, whose place of business is 1214 Central avenue, was placed under arrest by a posse headed by Police Capt. Plummer.

Twenty gallons of assorted liquors and apparatus for the manufacture of wine were found at the Central avenue address, it is stated.

The complaint against Amos was sworn out by Probation Enforcement Officer O'Leary. The prisoner will be arraigned before U.S. Commissioner Long this morning.

Rush for Mail Jobs.

Three Hundred Applicants for Rail Service Places.

So great is the rush for positions in the railway mail service, that it is necessary for Edward C. Tynan, secretary of the Federal Civil Service Commission, to hold the examination today in the old high school building on North Hill street to accommodate the 300 applicants.

There also will be an examination today at Van Nuys for clerks in the postoffice at that point, which has recently been raised to the second class by reason of the increase of business in the San Fernando Valley.

A petition containing more than 100 names of residents of the district was presented asking for the improvement, and the matter will be considered by the public welfare committee of the Council next Wednesday afternoon. The delegation at yesterday's meeting of the Council also included P. Leslie Moore, William J. Daza, A. D. Carst and D. R. Coughlin.

Ask Comfort Station.

Headed by Assemblyman Newton M. Allen, a delegation of residents of the Westlake district appeared before the City Council yesterday and urged the building of a new, modern comfort station in the park.

A petition containing more than 100 names of residents of the district was presented asking for the improvement, and the matter will be considered by the public welfare committee of the Council next Wednesday afternoon. # TO APPEAL NO BAIL DECISION.

Mrs. Obenchain's Lawyer Will File Writ in High Court.

Lack of Transcript's Called Prejudicial to Woman.

Judge Reese Holds Cannot Go Beyond Indictment.

The legal battle to release Mrs. Obenchain from the Los Angeles County Jail, pending her trial on the charge of slaying J. Edgar Kennedy, as charged in the indictment against her and Arthur C. Burch, will be carried to the highest court in the state, it was announced yesterday following the decision of Judge Reese denying the motion for bail. The first step in the fight to free Mrs. Obenchain was to secure a writ of habeas corpus, which was granted by Judge Reese on the ground that the lack of a transcript of the proceedings in the case was prejudicial to the defendant. The writ was granted on the ground that the lack of a transcript of the proceedings in the case was prejudicial to the defendant. The writ was granted on the ground that the lack of a transcript of the proceedings in the case was prejudicial to the defendant.

The action by the appellate court will be awaited with great interest by attorneys. This case, one of the most important in the history of the state, is unique in that there is no transcript of the proceedings in the case. The defendant is indicted with another person, the prosecution's argument that the names of witnesses are appended to the indictment, and that the court must determine whether the evidence is sufficient to warrant indictment. The accusation against Mrs. Obenchain being that of a joint indictment, and there being no transcript to show how much, if any, of the evidence is against her, she is entitled to the presumption that there was insufficient or no evidence against her, and under the circumstances should be given the benefit of the court's discretion on matter of bail, they say.

## WILL CHRISTEN NEW VESSEL BUILT HERE.

SHIP COMPANY HEAD'S WIFE TO SPONSOR FREIGHTER WEST CHOPAKA.

Mrs. Fred L. Baker, wife of the president of the Los Angeles Shipbuilding and Dry Dock Company and sponsor for the first Shipping Board vessel which that company launched, Dec. 15, 1917, also will sponsor the next Monday the West Chopaka, which is the thirty-fifth and last vessel to be built at the yard of this concern under its contract with the U. S. Shipping Board. The management of the shipbuilding company has arranged an elaborate program in celebration of its successful completion of four years of ship construction work for the Shipping Board. A large number of guests, friends of the officers and directors of the company, have been invited for the launching ceremonies, upon the conclusion of which the luxurious express steamer Harvard will take them for a spin at sea.

## FINED FIVE HUNDRED.

Attempt to Make "Date" With Girl of Eleven Proves Costly.

George Milo, 35 years of age, who told the police that he is a motion picture actor, was fined \$500 by Police Judge Richardson yesterday after he had been found guilty of vagrancy. Milo was charged by the police with having telephoned to a girl 11 years of age and attempted to make an engagement for an automobile ride.

# JULIUS CAESAR WITNESS HERE.

Buffalo Man, Not Foreigner, Helps Make Two New Citizens.

Julius Caesar, not the Roman Emperor but a staid citizen who gave Buffalo, N. Y., as his home, was a witness for two Hungarian applicants for American citizenship in U. S. District Judge Bledsoe's court yesterday. He was accompanied by none of the Tribunes.

The men in whose behalf Julius appeared are Michael Chape and Cipos Itevan, subjects of the former Hungarian monarchy, and they were duly admitted.

It was expected that Luigi Montagna, better known in auto and film circles as Bull Montana, would appear to undergo the examination, but when his name was called, Montana was reported to be out of the city. The following applicants, representing the countries named, were admitted to American citizenship: Subjects of Russia, 14; Holland, 4; Sweden, 4; Great Britain, 2; Germany, 14; Austria-Hungary, 9; Italy, 7; France, 4; and one each from Finland, Serbia, Armenia, Spain, Norway and Switzerland.

# A VERTS TRAGEDY BY CUNNING.

Constable Sees Feet of Man Wounded as Murder Suspect and Creeps Upon Him.

(BY A. P. MURPHY) SANTA BARBARA, Sept. 16.—Because Jose Salcido, a constable, saw a pair of feet behind a curtain in a cabin on the outskirts of Moor Park yesterday, another tragedy similar to that at Chatsworth, when Sheriff McMartin and Under Sheriff Kelly of Ventura county were killed, was averted.

Salcido was after Pablo Valbino, wanted for the fatal shooting of Camille Manriquez, Sheriff McMartin and two deputies were with him. He slipped around to the back of the house and seized the feet of the hiding man, who proved to be Valbino, who was armed and apparently about to fire through the open front door.
